

THE INTERNATIONAL CERTIFICATION NETWORK

CERTIFICATE

AENOR has issued an IQNet recognized certificate that the organization:

GRUPO COBRA

SEE ADDRESSES SPECIFIED IN ANNEX

has implemented and maintains a

Occupational Health and Safety Management System

for the following scope:

SPECIFIED IN ANNEX TO THE CERTIFICATE

which fulfills the requirements of the following standard

ISO 45001:2018

First issued on: 2019-10-04 Last issued: 2021-12-20 Validity date: 2022-10-24

This attestation is directly linked to the IQNet Partner's original certificate and shall not be used as a stand-alone document

Registration Number: ES-SST-0093/2019

THE INTERNATIONAL CERTIFICATION NETWORK

Annex to IQNet Certificate Number ES-SST-0093/2019 GRUPO COBRA

Activities within the scope of IQNet Certificate GRUPO COBRA Number ES-SST-0093/2019 include the following:

A) Assembly and Maintenance Works

Overhead and underground power lines of High, Medium and Low tension

Substations and transformer centres

Electro mechanic industrial installations

Works on Live in High, medium and low tension

Phone lines and cables, optical fibre installation, conduit and trenching

Design, installation, commissioning and maintenance of overhead lines of contact and railway traction substations

Safety, telecom and signalling railway installations

Assembly and maintenance of civil protection installations

Gas and Water distribution networks, piping and community and private connection

Project management works (Engineering, construction, commissioning, operation and maintenance) in industrial facilities, in Energy sector (Thermosolar, photovoltaic, wind, combined cycle, coal, gas and liquefy gas thermal plants), oil refining, petrochemical gas, chemical and industrial plants.

Civil protection installation maintenance (fire protection, emergency signalling systems, ventilation systems, CCTV systems)

Assembly and disassembly of components and parts of planes, and performing maintenance tasks like:

Cockpit modifications

Assembly/disassembly of furniture in cockpits, panels, hold components, wing and tail panels.

Corrosion treatments, sealants, lubrication and painting.

Avionic tasks (Seat Retrofit)

Design, fabrication, maintenance and other services in engine and other aeronautic components test benches, ground equipment for aircrafts and other kinds, including general systems (Mechanic, hydraulic, pneumatic and electric), electronic control equipment and data capture

Preventive and corrective maintenance of machinery, tools and production resources

Assistance for fuel load and unload of aircrafts and tank vehicles.

Assembly and disassembly of scaffolding

Integral refurbishment of buildings

B) Assembly, Precast, modification, maintenance and mechanical project works in the following industrial fields:

Nuclear, Thermal and hydraulic plants.

Refineries and Gas Plants.

Naval and Off-shore Construction included thermal insulation.

First issued on: **2019-10-04** Last issued: **2021-12-20** Validity date: **2022-10-24**

This annex is only valid in connection with the above-mentioned certificate.

THE INTERNATIONAL CERTIFICATION NETWORK

Annex to IQNet Certificate Number ES-SST-0093/2019 GRUPO COBRA

Chemical and steel industry.

General mechanical assemblies (structures, equipment, etc.).

Assembly and maintenance of: Substations, transformer centres and industrial electromechanical installations.

Corrective and preventive maintenance and mechanical assembly of Nuclear, Thermal and Hydraulic power plants.

Integral Maintenance in buildings, industries and infrastructures of: Electrical installations, Mechanical Installation (ventilation, heating, conditioning, plumbing, sanitation, fire protection) and another mechanical installation without specific qualification

C) Concierge, reception, office cleaning and driving services

Establishment and provision of phone assistance (Public general information, technical assistance, orders and receipts management, client loyalty, retaining and commercial campaigns, reclaim management), Back office and data management.

Logistic services management: delivery, courier and mobility. Production auxiliary services. Commercial attention of energy services Information, attention and management of credentials in airport facilities.

Technical Services for distribution companies of water, power and gas:

Installation and standardization of measurement equipment, remote management equipment installation for supply cut and restoring, and meter reading.

D) Sale and Installation of security systems

E) Engineering survey, design, projects, development, production, premises and after sales services in the following activities:

Conditioning, heating and plumbing

Industrial fluid networks

Fire protection

Industrial cooling

Special installations

Tunnel ventilation

F) Civil Works Construction (drinking water desalination plants, wastewater treatment plant, wastewater regeneration plant, water distribution networks, collection systems, regulating reservoirs, drainage systems, submarine emissary) and waste energy plant.

Operation and Maintenance of WWTP, DWDP, WTP, wastewater treatment plant using advance treatments with later reuse and WWRP.

G) Maintenance, Repair, modification and rebuilt of vehicles, towed equipment, containers, and another airport equipment, as self-extinguishing equipment and fuel supply equipment

H) Project Management services in Hydraulic and Hydroelectric projects.

I) Studies, consultancies and projects in:

Overhead power lines fields, substations, energy, environmental impact, waste treatment, civil works, building, electronic systems and communications.

Performing inspections, surveys, audits and economic reports of the previous items.

Direction and supervision of works of the previous items.

First issued on: **2019-10-04** Last issued: **2021-12-20** Validity date: **2022-10-24**

This annex is only valid in connection with the above-mentioned certificate.

THE INTERNATIONAL CERTIFICATION NETWORK

Annex to IQNet Certificate Number ES-SST-0093/2019 GRUPO COBRA

Testing and commissioning of the previous items.

J) Operational services for carrying out studies, offers, consultancy and projects, research and development services and promotion of all kinds of works, installations and maintenance assemblies with or without the supply of materials and equipment related to the production, transport and distribution of energy, as well as its operation and repair; electronics for telephone fiber optic, telegraphic and signalling communication systems and networks; hydraulic works; ventilation, heating, air conditioning; cable cars, nacelles: The manufacture, handling and

maintenance, where appropriate, of electrical and energy-related material; concrete and metal structures; wood.

K) Design, manufacture, maintenance and other services of aircraft engine and component test benches, aircraft ground equipment (AGE) and other types, including general systems (mechanical, hydraulic, pneumatic, electrical) and electronic control and data acquisition equipment.

L) The carrying out of studies, offers, consultancy and projects, research and development services and the promotion of all kinds of works, installations, assemblies and maintenance with or without the supply of materials and equipment related to the production, transport and distribution of energy, as well as its operation and repair; electronics for telephone, fiber optic, telegraphic and signaling communication systems and networks; hydraulic works; ventilation, heating, air conditioning; cable cars, nacelles: The manufacture, handling and maintenance, where appropriate, of electrical and energy-related material; concrete and metal structures; wood.

M) Management, administration and promotion of operation and maintenance services for all types of infrastructure.

Ñ) Auxiliary activities of Assembly, Prefabrication, Modification, Maintenance and Mechanical Projects in the industrial sector of Shipbuilding and Off-Shore, including thermal insulation.
